## LeBow College of Business: School of Economics

The School of Economics boasts an award-winning faculty who are both leading researchers and dedicated teachers. Faculty members take a hands-on approach to teaching and mentoring students, resulting in top placements for students in industry, government, nonprofits, and academia.

## **Economics**

Major: Economics Degree Awarded: Master of Science in Economics (MSECON) Calendar Type: Quarter Minimum Required Credits: 45.0 Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 19-3011

#### About the Program

This STEM-designated Master of Science in Economics at Drexel University integrates training in economic theory, quantitative methods, and applied market and policy analysis. It prepares students for a career in industry, consulting, the financial sector, government, or international organizations. The program also provides knowledge and analytical skills necessary for students wishing to pursue a PhD degree in economics, business, public health, public policy, or other related areas.

#### **Additional Information**

For more information about the program, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/).

### **Admission Requirements**

The LeBow College of Business: School of Economics seeks applicants with exceptional ability and motivation. Students who hold a bachelor's degree either in economics or another discipline may apply to the MS program. All courses in the program expect a preparation of at least principles of economics and basic statistics. Students who lack some part of this preparation may be considered for admission conditional on their completing the appropriate undergraduate courses as non-matriculated students during the summer term before they begin the program in the fall.

In reviewing an applicant's credentials, the faculty will consider the following factors:

- Prior Academic Accomplishments: The faculty will examine all course work taken prior to application, paying particular attention to the specific courses that have been completed. Applicants should have attained a minimum grade point average of 3.0 (on a 4.0 scale) for all undergraduate course work completed.
- Graduate Record Examination (GRE) or Graduate Management Aptitude Test (GMAT): Applicants are required to submit GRE or GMAT scores. Scores of more than five years old are not accepted.
- Test of English as a Foreign Language (TOEFL): Applicants whose native language is not English and who have not already received a degree from a U.S. university must also submit scores from the Test of English as a Foreign Language (TOEFL).
- Personal Statement/Essay: Each applicant must submit a personal statement. The personal statement should explain the applicant's educational and personal experiences that have influenced the decision to pursue an MS and should discuss the candidate's career plans and goals.
- Letters of Recommendation: Two letters of recommendation must be submitted in support of the application. Applicants are strongly encouraged to seek recommendations from academics or other professionals who can assess the applicant's likelihood of success in the MS program.

#### Admission Procedures

The MS in Economics program admits students each fall. To be considered for admission, the completed application must be received by the LeBow College of Business Office of Graduate Admissions. Admissions are considered on a rolling basis and will remain open until all available slots are filled. It is the applicant's responsibility to ensure that all transcripts, test scores and letters of recommendation, as well as the application form and the personal statement, are received by LeBow College Business, School of Economics.

#### Majors

- Economics (MSECON) (p. 2)
- Economics (PhD) (p. 6)
- Economics and Computer Science (MSECCS) (p. 10)

#### Minors

- Economic Data Analysis (p. 12)
- Economics (p. 12)

#### **Graduate Assistantships and Financial Aid**

Financial assistance for the MS program may be available on a limited basis to highly qualified candidates. Research assistantships and Teaching assistantships may be also be available on a limited basis for highly qualified candidates.

To obtain an application, please contact:

Graduate Admissions Office Bennett S. LeBow College of Business Drexel University 3141 Chestnut Street Philadelphia, PA 19104-2875 215.895.6804 msecon@lebow.drexel.edu

**Total Credits 45** 

Note: Second Year Summer (Part-Time) is less than the 4.5-credit minimum required (considered half-time status) of graduate programs to be considered financial aid eligible. As a result, aid will not be disbursed to students this term.

#### **Centers and Facilities**

This marriage of academic rigor and practical applications can also be seen in the development of the College's Centers of Excellence. Centers of Excellence are catalysts for research and innovation, think tanks for nationally significant trends and issues, and incubators for opportunities in business and integration among disciplines. LeBow's Centers of Excellence provide students with meaningful experiential learning and impact the performance of business in our region and around the world. As part of the curriculum, Drexel LeBow MBA students will take courses which reside in the centers and will see firsthand how practical learning is applied.

The Centers are:

- · Sovereign Institute for Strategic Leadership (https://www.lebow.drexel.edu/faculty-and-research/centers/)
- Center for Corporate Governance (https://www.lebow.drexel.edu/faculty-and-research/centers/corporate-governance/)
- · Dana and David Dornsife Center for Experiential Learning (https://www.lebow.drexel.edu/about/experiential-learning/)

#### Facilities

The 12-story, 177,500-square-foot home for LeBow College of Business is located at the heart of the Drexel University campus, at the intersection of Woodland Walk and Market Street, where it forms a gateway to Drexel and a backdrop to the historic statue of A. J. Drexel (Moses Ezekiel, 1904). The diagonal massing of the lower floors follows Woodland Walk and combines with the new Papadakis Integrated Sciences Building (Diamond & Schmitt, 2011) to energize the University's central quadrangle. The building's tower will mark the LeBow College and Drexel campus from all directions while the open, glassy Market Street façade will showcase the College's student activities to passersby.

The building's organization unites the school's various constituencies around a five-story-high atrium ringed by classrooms, student lounges, events spaces, and offices. The atrium is immediately accessible from main entrances at the three corners of the building. An open stair within the atrium leads to a 300-seat auditorium and 100-seat lecture hall one floor below and to a divisible multipurpose room and additional classrooms above. The building's upper floors contain faculty offices interspersed with seminar rooms and group study rooms. The top floor houses the Dean's suite and a boardroom and conference suite that opens to east- and west-facing terraces.

The building's warm masonry and glass exterior reflects the emerging vocabulary of the next generation of Drexel buildings. Sophisticated solar shading devices allow maximum transparency between the inside and outside while supporting the building's high environmental aspirations.

#### **Key Building Features**

- · Five-story atrium
- · Finance trading lab with Bloomberg Terminal Room
- · 300-seat auditorium
- · 160-seat event space
- · 100-seat lecture hall
- · 45-seat seminar rooms
- · 44-seat computer classrooms
- 60-seat classrooms
- · Executive MBA (https://www.lebow.drexel.edu/academics/programs/mba/executive-mba/) classroom
- 24-seat classrooms
- · Special areas for experiential learning simulations and business consulting
- · Videoconferencing capabilities
- · Integrated teaching technology in all classrooms
- · Recording studio to support LeBow College's online programs
- Extensive areas for students to gather socially and for collaborative study, including student collaboration rooms (https://www.lebow.drexel.edu/ about/campuses/philadelphia/gerri-c-lebow-hall/collaboration-rooms/), two quiet study areas, and 3,500 square feet of student social space
- · EMBA Alumni Lounge for the exclusive use of EMBA alumni
- · Behavioral Studies Lab
- Starbucks
- · Green Globe certifiable, meeting worldwide sustainability standards

Gerri C. LeBow Hall brings together faculty, students, and staff in a state-of-the-art building on the University City campus. Please visit the LeBow College of Business webpage (http://www.lebow.drexel.edu/about/campuses/philadelphia/location/gerri-c-lebow-hall/), the Behavioral Lab webpage (https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), and the Finance Trading Lab webpage (https://www.lebow.drexel.edu/about/ campuses/location/behavioral-lab/) to learn more about Gerri C. LeBow Hall.

#### School of Economics Faculty

Marco Airaudo, PhD (University of Pennsylvania Philadelphia). Associate Professor. Computational economics, international economics, macroeconomics and monetary economics.

#### 6 Economics PhD

Patricia Awerbuch, MBA (Drexel University). Associate Clinical Professor. Distance learning, environmental economics.

Richard Barnett, PhD (University of Minnesota). Clinical Professor. Economic theory, macroeconomics.

Sebastien Bradley, PhD (University of Michigan). Associate Professor. Public finance, international economics.

Mian Dai, PhD (Northwestern University). Associate Professor. Industrial Organization.

Pia DiGirolamo, PhD (Purdue University). Associate Clinical Professor. Forensic economics, distance learning.

Shawkat M. Hammoudeh, PhD (University of Kansas). Professor. Applied econometrics, financial economics, international economics, and natural resource economics.

Teresa Harrison, PhD (University of Texas Austin) Academic Director of the Center for Nonprofit Governance. Professor. Econometrics, public finance, industrial organization, empirical microeconomics including health and nonprofit organizations.

Paul E. Jensen, PhD (Penn State University) Nina Henderson Provost. Professor. International trade.

Stephen Joyce, MA (Temple University). Assistant Clinical Professor. Education and human capital.

Andre Kurmann, PhD (University of Virginia). Associate Professor. Computational economics, financial economics, labor economics, macroeconomics and monetary economics.

Ohyun Kwon, PhD (University of Wisconsin, Madison). Assistant Professor. International Trade and Trade Agreements

Christopher A. Laincz, PhD (*Duke University*). Associate Professor. Economic development, technological change, and growth, industrial organization, macroeconomics and monetary economics.

Vibhas Madan, PhD (Michigan State University) R John Chapel Jr. Dean. Professor. International trade theory, applied microeconomics.

Roger A. McCain, PhD (Louisiana State University) Co-director. Professor. Computational economics, game theory.

Irina Murtazashvili, PhD (Michigan State University). Associate Professor. Applied econometrics.

Maria Olivero, PhD (Duke University). Associate Professor. Open Economy macroeconomics, mathematical and quantitative methods, macroeconomics.

Eydis Olsen, MA (American University). Associate Clinical Professor. International business, banking.

Tristan Potter, PhD (Boston College). Assistant Professor. Macroeconomics, labor.

Konstantinos Serfes, PhD (University of Illinois at Champaign-Urbana). Professor. Industrial organization; microeconomics; game theory

Ricardo Serrano-Padial, PhD (University of California at San Diego). Associate Professor. Microeconomics theory, information economics with applications in finance, macroeconomics and industrial organization.

Mark Stehr, PhD (University of California at Berkeley) Director, School of Economics. Professor. Department of Health Management and Policy. Drexel University LeBow College of Business. Health policy; health economics; data analysis methods.

Constantinos Syropoulos, PhD (Yale University) Trustee Professor of International Economics. Professor. International trade, political economy, applied microeconomics.

Yoto Yotov, PhD (Boston College). Professor. International trade, applied microeconomics, political economy.

#### **Emeritus Faculty**

Edward C. Koziara, PhD (University of Wisconsin). Professor Emeritus. Applied micro and macro economics.

Bijou Yang Lester, PhD (University of Pennsylvania). Professor Emeritus. Behavioral characteristics of shopping on-line, economic issues of electronic commerce, contingent employment and part-time work, the economy and suicide.

Andrew G. Verzilli, PhD (Boston College). Professor Emeritus. Teaching effectiveness in economics; economics and financial history.

Chiou-shuang Yan, PhD (Purdue University). Professor Emeritus. International economics, input-output analysis.

## **Economics PhD**

Major: Economics Degree Awarded: Doctor of Philosophy (PhD) Calendar Type: Quarter Minimum Required Credits: 90.0 (post-bachelor's) or 60.0 (post-master's) Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 19-3011

#### About the Program

Drexel's PhD program in Economics prepares economists for academic research as well as careers in government or industry by providing a solid background in economic theory, quantitative analysis, and analytical tools at the advanced level. Each year a relatively small number of PhD students are accepted into the program, which allows for a collegial environment where the PhD students interact with faculty on a daily basis. Requirements for the MS in Economics program are satisfied if the coursework associated with the first and second years of the PhD program are complete.

The PhD program in Economics offers three fields of study:

- Industrial Organization
- International Trade
- Open Economy Macroeconomics

The PhD program in Economics is also particularly strong in applied microeconometrics.

Students typically complete their coursework in two years and the PhD degree in five. Students work as research and teaching assistants under the supervision of a faculty member. After their second year, students can teach independently.

#### **Additional Information**

More information can be found online at the PhD program in Economics (https://www.lebow.drexel.edu/academics/doctorate/phd-programs/) webpage.

To apply and for application information, please check online at the LeBow PhD Admissions (https://www.lebow.drexel.edu/admissions/doctorate-admissions/phd-admissions/) webpage.

Questions should be addressed to lebowphd@drexel.edu.

#### **Degree Requirements**

The PhD in Economics program prepares economists for careers in research, teaching, business, and government. It is designed to provide students with not only a broad understanding of modern economics, but also the opportunity to conduct high quality research in a number of specific fields of study including industrial organization, international economics, and health economics.

In the second year of study, the PhD in Economics offers three fields of specialization: industrial organization, international trade, and open economy macroeconomics. Students complete courses in two of these fields of specialization.

#### Curriculum

60.0 credits (Post-Master's degree) 90.0 credits (Post-Bachelor's degree)

- · 27.0 credits of first year core courses
- 18.0 credits of economics field requirements
- 15.0 credits (minimum) of dissertation research
- · 30.0 additional dissertation research credits for students without a Master's degree

#### Core Courses \*

ECON 902	Mathematical Economics	3.0
ECON 910	Advanced Microeconomics I	3.0
ECON 911	Advanced Microeconomics II	3.0

ECON 951     Industrial Organization II       ECON 959     Industrial Organization Seminar	

\* First Year Examination: After the completion of the core coursework, students are examined on their competence in the core material and their readiness to proceed.

\*\* Taken in the second year.

#### **Facilities**

The 12-story, 177,500-square-foot home for LeBow College of Business is located at the heart of the Drexel University campus, at the intersection of Woodland Walk and Market Street, where it forms a gateway to Drexel and a backdrop to the historic statue of A. J. Drexel (Moses Ezekiel, 1904). The diagonal massing of the lower floors follows Woodland Walk and combines with the new Papadakis Integrated Sciences Building (Diamond & Schmitt, 2011) to energize the University's central quadrangle. The building's tower will mark the LeBow College and Drexel campus from all directions while the open, glassy Market Street façade will showcase the College's student activities to passersby.

The building's organization unites the school's various constituencies around a five-story-high atrium ringed by classrooms, student lounges, events spaces, and offices. The atrium is immediately accessible from main entrances at the three corners of the building. An open stair within the atrium leads to a 300-seat auditorium and 100-seat lecture hall one floor below and to a divisible multipurpose room and additional classrooms above. The building's upper floors contain faculty offices interspersed with seminar rooms and group study rooms. The top floor houses the Dean's suite and a boardroom and conference suite that opens to east- and west-facing terraces.

The building's warm masonry and glass exterior reflects the emerging vocabulary of the next generation of Drexel buildings. Sophisticated solar shading devices allow maximum transparency between the inside and outside while supporting the building's high environmental aspirations.

#### **Key Building Features**

- · Five-story atrium
- · Finance trading lab with Bloomberg Terminal Room
- · 300-seat auditorium
- · 160-seat event space
- 100-seat lecture hall
- 45-seat seminar rooms
- · 44-seat computer classrooms
- 60-seat classrooms
- Executive MBA (https://www.lebow.drexel.edu/academics/programs/mba/executive-mba/) classroom
- 24-seat classrooms
- · Special areas for experiential learning simulations and business consulting
- Videoconferencing capabilities
- · Integrated teaching technology in all classrooms
- · Recording studio to support LeBow College's online programs
- Extensive areas for students to gather socially and for collaborative study, including student collaboration rooms (https://www.lebow.drexel.edu/ about/campuses/philadelphia/gerri-c-lebow-hall/collaboration-rooms/), two quiet study areas, and 3,500 square feet of student social space
- · EMBA Alumni Lounge for the exclusive use of EMBA alumni
- · Behavioral Studies Lab
- Starbucks
- · Green Globe certifiable, meeting worldwide sustainability standards

Gerri C. LeBow Hall brings together faculty, students, and staff in a state-of-the-art building on the University City campus. Please visit the LeBow College of Business webpage (http://www.lebow.drexel.edu/about/campuses/philadelphia/location/gerri-c-lebow-hall/), the Behavioral Lab webpage

(https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), and the Finance Trading Lab webpage (https://www.lebow.drexel.edu/about/ campuses/location/finance-trading-lab-and-bloomberg-terminal-room/) to learn more about Gerri C. LeBow Hall.

#### **School of Economics Faculty**

Marco Airaudo, PhD (University of Pennsylvania Philadelphia). Associate Professor. Computational economics, international economics, macroeconomics and monetary economics.

Patricia Awerbuch, MBA (Drexel University). Associate Clinical Professor. Distance learning, environmental economics.

Richard Barnett, PhD (University of Minnesota). Clinical Professor. Economic theory, macroeconomics.

Sebastien Bradley, PhD (University of Michigan). Associate Professor. Public finance, international economics.

Mian Dai, PhD (Northwestern University). Associate Professor. Industrial Organization.

Pia DiGirolamo, PhD (Purdue University). Associate Clinical Professor. Forensic economics, distance learning.

Shawkat M. Hammoudeh, PhD (University of Kansas). Professor. Applied econometrics, financial economics, international economics, and natural resource economics.

Teresa Harrison, PhD (University of Texas Austin) Academic Director of the Center for Nonprofit Governance. Professor. Econometrics, public finance, industrial organization, empirical microeconomics including health and nonprofit organizations.

Paul E. Jensen, PhD (Penn State University) Nina Henderson Provost. Professor. International trade.

Stephen Joyce, MA (Temple University). Assistant Clinical Professor. Education and human capital.

Andre Kurmann, PhD (University of Virginia). Associate Professor. Computational economics, financial economics, labor economics, macroeconomics and monetary economics.

Ohyun Kwon, PhD (University of Wisconsin, Madison). Assistant Professor. International Trade and Trade Agreements

Christopher A. Laincz, PhD (*Duke University*). Associate Professor. Economic development, technological change, and growth, industrial organization, macroeconomics and monetary economics.

Vibhas Madan, PhD (Michigan State University) R John Chapel Jr. Dean. Professor. International trade theory, applied microeconomics.

Roger A. McCain, PhD (Louisiana State University) Co-director. Professor. Computational economics, game theory.

Irina Murtazashvili, PhD (Michigan State University). Associate Professor. Applied econometrics.

Maria Olivero, PhD (Duke University). Associate Professor. Open Economy macroeconomics, mathematical and quantitative methods, macroeconomics.

Eydis Olsen, MA (American University). Associate Clinical Professor. International business, banking.

Tristan Potter, PhD (Boston College). Assistant Professor. Macroeconomics, labor.

Konstantinos Serfes, PhD (University of Illinois at Champaign-Urbana). Professor. Industrial organization; microeconomics; game theory

Ricardo Serrano-Padial, PhD (University of California at San Diego). Associate Professor. Microeconomics theory, information economics with applications in finance, macroeconomics and industrial organization.

Mark Stehr, PhD (University of California at Berkeley) Director, School of Economics. Professor. Department of Health Management and Policy. Drexel University LeBow College of Business. Health policy; health economics; data analysis methods.

Constantinos Syropoulos, PhD (Yale University) Trustee Professor of International Economics. Professor. International trade, political economy, applied microeconomics.

Yoto Yotov, PhD (Boston College). Professor. International trade, applied microeconomics, political economy.

#### **Emeritus Faculty**

Edward C. Koziara, PhD (University of Wisconsin). Professor Emeritus. Applied micro and macro economics.

Bijou Yang Lester, PhD (University of Pennsylvania). Professor Emeritus. Behavioral characteristics of shopping on-line, economic issues of electronic commerce, contingent employment and part-time work, the economy and suicide.

Andrew G. Verzilli, PhD (Boston College). Professor Emeritus. Teaching effectiveness in economics; economics and financial history.

Chiou-shuang Yan, PhD (Purdue University). Professor Emeritus. International economics, input-output analysis.

## **Economics and Computer Science**

Major: Economics and Computer Science Degree Awarded: Master of Science in Economics & Computer Science (MSECCS) Calendar Type: Quarter Minimum Required Credits: 45.0 Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 19-3011

#### About the Program

Advanced computing is disrupting the economy. Markets are increasingly moving to online platforms and machine learning and algorithms are replacing people in the provision of goods and services. Businesses and governments need leaders who understand the computer science that powers these new systems and who can also use economic theory and intuition to help design them.

The STEM-designated Drexel LeBow MS in Economics & Computer Science degree serves this need by combining training in advanced computation, data analysis, and economics to prepare students for careers at the interconnection of these two fields.

#### **Additional Information**

For more information about the program, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/).

### **Admission Requirements**

- · Bachelor's degree
- GRE or GMAT
- Two letters of recommendation
- · Statement of purpose

#### Additional Information

For more information, please contact Lori Miceli or call 215-895-0975.

Note: Some terms are less than the 4.5-credit minimum required (considered half-time status) of graduate programs to be considered financial aid eligible. As a result, aid will not be disbursed to students these terms.

## **Economic Data Analysis**

### About the Graduate Minor

Integral to the application of economics to decision making is the gathering and interpretation of data for planning, forecasting, and policy-making purposes. The graduate minor in Economic Data Analysis gives students a solid foundation in quantitative methods, including but not limited to econometric and statistical techniques. These quantitative techniques can be applied to a wide variety of fields outside of the economics discipline, such management and decision sciences, marketing, finance, engineering, public health, medicine and psychology. The minor consists of taking two courses that provide training in core statistical and econometric theory; students then choose from a variety of additional courses that provide the student with practical and hands on experience applying these tools to real life economic problems.

#### Admission Requirements

Student must be a matriculated graduate student. This minor is not available to students pursuing an MS in Economics. For more information on admissions, please contact the program manager for MS in Economics (http://www.lebow.drexel.edu/academics/graduate/current-students/advising/ advisors/).

## Graduate Minor in Economics

### About the Graduate Minor

Economics addresses how resources and capabilities can be utilized to provide goods and services to society. As such, the study of economics will be valuable to any student whose area of study involves decision making, resource allocation or social welfare. The graduate minor in Economics gives students a foundation in economic theory that can be applied to areas such as finance, marketing, public policy, public health, law, business, or medicine. After taking one course that provides training in core microeconomic theory, students can choose from a variety of courses that cover other areas such as macroeconomics, international trade, game theory, or public finance.

### **Program Requirements**

ECON 662 Economic Analysis of Health Systems	

ECON 700 Total Credits

LeBow College of Business: School of Economics

Economics is one of Drexel LeBow's strongest disciplines. The LeBow College of Business celebrated its strengths in economics teaching and research by elevating its economics department into a School of Economics. The School of Economics will continue Drexel LeBow's commitment to offering a curriculum that is current and challenging, and to conducting research that aligns with business and societal trends and informs policy makers.

A degree, major or minor in Economics provides students with a robust understanding of the workings of the market system and major economic institutions, economic policy, and development.

#### Degrees

- Behavioral Economics, Business, and Organizations (BS) (p. 13)
- Economic Analysis (BAECON) (p. 17)
- Economics (BSECON) (p. 23)
- Economics and Business (BS) (p. 28)
- Economics and Data Science (BSECDS) in partnership with the College of Computing and Informatics (p. 32)

## Behavioral Economics, Business, and Organizations

Major: Behavioral Economics, Business, and Organizations Degree Awarded: Bachelor of Science (BS) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years); No Co-op (Four years) Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 15-2051

### About the Program

The combined major in Behavioral Economics, Business, and Organizations integrates economic modelling with insights from behavioral sciences to analyze and predict human behavior in economic contexts and organizations. The program combines interdisciplinary coursework in economics, psychology, consumer behavior, and organizational behavior with comprehensive training in quantitative and research methods. Students will learn how to model behavior, collect and analyze choice data, conduct experiments, and design interventions to shape individual decisions and organizational outcomes.

With over 50.0 credits in free electives, students enjoy ample flexibility to build their skillset for careers in a wide range of fields. The major provides a strong foundation for students interested in pursuing graduate studies in social and behavioral sciences or business.

Students not participating in co-op will not take COOP 101; 1 credit of Free electives will be added in place of COOP 101.

COOP 101 registration is determined by the co-op cycle assigned and may be scheduled in a different term. Select students may be eligible to take COOP 001 in place of COOP 101.

Students who elect higher credit courses will have fewer free electives

#### Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

## **Economic Analysis**

Major: Economic Analysis Degree Awarded: Bachelor of Arts in Economics (BAECON) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years); No Co-op (Four years) Classification of Instructional Programs (CIP) code: 45.0601 Standard Occupational Classification (SOC) code: 19-3011

#### About the Program

The Bachelor of Arts in Economics introduces students to modern economics within the context of a broad liberal arts curriculum. The degree is well suited for students interested in the relation of economics to the other social science disciplines and humanities, and it provides an even broader liberal arts education than the Bachelor of Science in Economics. The BA in Economics offers students the flexibility to combine their studies in economics with a major or minor in another field of study.

#### **Additional Information**

For more information about this major, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/). (http://www.lebow.drexel.edu/Faculty/Departments/Economics/)

#### Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

### **Co-op/Career Opportunities**

The study of economics prepares students for a variety of fields: research economists in banks, government and universities; law; economic development for local government, banks and firms; business management and consulting; government and international agencies, such as the CIA, World Bank, IMF and USAID; and business and economic journalism.

#### **Career Paths and Degree Combinations**

Economics provides an excellent foundation for many career options and can also be combined with many other majors and minors in preparing students for great careers.

For example:

#### **Banking and Finance**

- · Economics and Finance
- · Economics and Business
- · Economics and Mathematics
- Business Economics Concentration
- · Economics and Physics

#### Academia

- · Economics and Anthropology
- Economics and Psychology
- Economics and Mathematics
- Economics and Public Health
- Economics and Philosophy

#### **Economics Research in Industry**

- Economics and Mathematics
- Mathematical Economics Concentration
- Economics and Marketing
- Economics and Finance

#### **High Tech and IT Industries**

- · Economics and Data Science
- · Economics and Information Systems
- · Economics and Chemistry
- · Economics and Biology

#### Economics Research in Governments and International Organizations

- Economics and Environmental Studies
- · Economics and Political Science
- · Economics and International Studies

#### Law School and Other Graduate School Options

- · Economics and Legal Studies
- · Economics and Philosophy
- · Economics and Political Science
- · Economics and International Studies

#### **Opportunities**

Recently, economics students have obtained positions at the following institutions:

- Federal Reserve Bank, Board of Governors
- Citibank
- Vanguard Corporation
- Deloitte Consulting
- Black Rock Inc.
- Tyco Electronics

Visit the Drexel Steinbright Career Development Center (http://www.drexel.edu/scdc/) page for more detailed information on co-op and post-graduate opportunities.

### **School of Economics Faculty**

Marco Airaudo, PhD (University of Pennsylvania Philadelphia). Associate Professor. Computational economics, international economics, macroeconomics and monetary economics.

Patricia Awerbuch, MBA (Drexel University). Associate Clinical Professor. Distance learning, environmental economics.

Richard Barnett, PhD (University of Minnesota). Clinical Professor. Economic theory, macroeconomics.

Sebastien Bradley, PhD (University of Michigan). Associate Professor. Public finance, international economics.

Mian Dai, PhD (Northwestern University). Associate Professor. Industrial Organization.

Pia DiGirolamo, PhD (Purdue University). Associate Clinical Professor. Forensic economics, distance learning.

Shawkat M. Hammoudeh, PhD (University of Kansas). Professor. Applied econometrics, financial economics, international economics, and natural resource economics.

Teresa Harrison, PhD (University of Texas Austin) Academic Director of the Center for Nonprofit Governance. Professor. Econometrics, public finance, industrial organization, empirical microeconomics including health and nonprofit organizations.

Paul E. Jensen, PhD (Penn State University) Nina Henderson Provost. Professor. International trade.

Stephen Joyce, MA (Temple University). Assistant Clinical Professor. Education and human capital.

Andre Kurmann, PhD (University of Virginia). Associate Professor. Computational economics, financial economics, labor economics, macroeconomics and monetary economics.

Ohyun Kwon, PhD (University of Wisconsin, Madison). Assistant Professor. International Trade and Trade Agreements

Christopher A. Laincz, PhD (*Duke University*). Associate Professor. Economic development, technological change, and growth, industrial organization, macroeconomics and monetary economics.

Vibhas Madan, PhD (Michigan State University) R John Chapel Jr. Dean. Professor. International trade theory, applied microeconomics.

Roger A. McCain, PhD (Louisiana State University) Co-director. Professor. Computational economics, game theory.

Irina Murtazashvili, PhD (Michigan State University). Associate Professor. Applied econometrics.

Maria Olivero, PhD (Duke University). Associate Professor. Open Economy macroeconomics, mathematical and quantitative methods, macroeconomics.

Eydis Olsen, MA (American University). Associate Clinical Professor. International business, banking.

Tristan Potter, PhD (Boston College). Assistant Professor. Macroeconomics, labor.

Konstantinos Serfes, PhD (University of Illinois at Champaign-Urbana). Professor. Industrial organization; microeconomics; game theory

Ricardo Serrano-Padial, PhD (University of California at San Diego). Associate Professor. Microeconomics theory, information economics with applications in finance, macroeconomics and industrial organization.

Mark Stehr, PhD (University of California at Berkeley) Director, School of Economics. Professor. Department of Health Management and Policy. Drexel University LeBow College of Business. Health policy; health economics; data analysis methods.

Constantinos Syropoulos, PhD (Yale University) Trustee Professor of International Economics. Professor. International trade, political economy, applied microeconomics.

Yoto Yotov, PhD (Boston College). Professor. International trade, applied microeconomics, political economy.

#### **Emeritus Faculty**

Edward C. Koziara, PhD (University of Wisconsin). Professor Emeritus. Applied micro and macro economics.

Bijou Yang Lester, PhD (University of Pennsylvania). Professor Emeritus. Behavioral characteristics of shopping on-line, economic issues of electronic commerce, contingent employment and part-time work, the economy and suicide.

Andrew G. Verzilli, PhD (Boston College). Professor Emeritus. Teaching effectiveness in economics; economics and financial history.

Chiou-shuang Yan, PhD (Purdue University). Professor Emeritus. International economics, input-output analysis.

Major: Economics Degree Awarded: Bachelor of Science in Economics (BSECON) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years); No Co-op (Four years) Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 19-3011

#### About the Program

Drexel LeBow's STEM-designated Bachelor of Science in Economics provides a broad education with a focus on quantitative methods and professional skills. A large number of free electives allows students the freedom to develop in-depth knowledge in a secondary field outside of economics by pursuing

a minor or double major. Upon graduation, students are well prepared for successful careers in business, public service and institutions tasked with addressing society's greatest challenges.

#### **Additional Information**

For more information about this major, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/). (http://www.lebow.drexel.edu/Faculty/Departments/Economics/)

#### **School of Economics Faculty**

Marco Airaudo, PhD (University of Pennsylvania Philadelphia). Associate Professor. Computational economics, international economics, macroeconomics and monetary economics.

Patricia Awerbuch, MBA (Drexel University). Associate Clinical Professor. Distance learning, environmental economics.

Richard Barnett, PhD (University of Minnesota). Clinical Professor. Economic theory, macroeconomics.

Sebastien Bradley, PhD (University of Michigan). Associate Professor. Public finance, international economics.

Mian Dai, PhD (Northwestern University). Associate Professor. Industrial Organization.

Pia DiGirolamo, PhD (Purdue University). Associate Clinical Professor. Forensic economics, distance learning.

Shawkat M. Hammoudeh, PhD (University of Kansas). Professor. Applied econometrics, financial economics, international economics, and natural resource economics.

Teresa Harrison, PhD (University of Texas Austin) Academic Director of the Center for Nonprofit Governance. Professor. Econometrics, public finance, industrial organization, empirical microeconomics including health and nonprofit organizations.

Paul E. Jensen, PhD (Penn State University) Nina Henderson Provost. Professor. International trade.

Stephen Joyce, MA (Temple University). Assistant Clinical Professor. Education and human capital.

Andre Kurmann, PhD (University of Virginia). Associate Professor. Computational economics, financial economics, labor economics, macroeconomics and monetary economics.

Ohyun Kwon, PhD (University of Wisconsin, Madison). Assistant Professor. International Trade and Trade Agreements

Christopher A. Laincz, PhD (*Duke University*). Associate Professor. Economic development, technological change, and growth, industrial organization, macroeconomics and monetary economics.

Vibhas Madan, PhD (Michigan State University) R John Chapel Jr. Dean. Professor. International trade theory, applied microeconomics.

Roger A. McCain, PhD (Louisiana State University) Co-director. Professor. Computational economics, game theory.

Irina Murtazashvili, PhD (Michigan State University). Associate Professor. Applied econometrics.

Maria Olivero, PhD (Duke University). Associate Professor. Open Economy macroeconomics, mathematical and quantitative methods, macroeconomics.

Eydis Olsen, MA (American University). Associate Clinical Professor. International business, banking.

Tristan Potter, PhD (Boston College). Assistant Professor. Macroeconomics, labor.

Konstantinos Serfes, PhD (University of Illinois at Champaign-Urbana). Professor. Industrial organization; microeconomics; game theory

Ricardo Serrano-Padial, PhD (University of California at San Diego). Associate Professor. Microeconomics theory, information economics with applications in finance, macroeconomics and industrial organization.

Mark Stehr, PhD (University of California at Berkeley) Director, School of Economics. Professor. Department of Health Management and Policy. Drexel University LeBow College of Business. Health policy; health economics; data analysis methods.

Constantinos Syropoulos, PhD (Yale University) Trustee Professor of International Economics. Professor. International trade, political economy, applied microeconomics.

Yoto Yotov, PhD (Boston College). Professor. International trade, applied microeconomics, political economy.

### **Emeritus Faculty**

Edward C. Koziara, PhD (University of Wisconsin). Professor Emeritus. Applied micro and macro economics.

Bijou Yang Lester, PhD (University of Pennsylvania). Professor Emeritus. Behavioral characteristics of shopping on-line, economic issues of electronic commerce, contingent employment and part-time work, the economy and suicide.

Andrew G. Verzilli, PhD (Boston College). Professor Emeritus. Teaching effectiveness in economics; economics and financial history.

Chiou-shuang Yan, PhD (Purdue University). Professor Emeritus. International economics, input-output analysis.

### **Economics and Business**

Major: Economics and Business Degree Awarded: Bachelor of Science (BS) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years); No Co-op (Four years) Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 11-9199

### About the Program

This STEM-designated combined major in Economics and Business provides the student with the foundational skills of data analysis in economics and the functional fields of business. It includes a range of elective courses in both fields and overall flexibility that allow the student to build on those skills in the direction of their own interests.

#### Additional Information

For more information about the program, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/).

Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

## **Economics and Data Science**

Major: Economics and Data Science Degree Awarded: Bachelor of Science (BS) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years) Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 15-2041, 15-2051, 19-3011, 11-9199

### About the Program

The STEM-designated Economics and Data Science is an interdisciplinary major that prepares students to work in an economy that has been transformed by the emergence of digital commerce and massive amounts of data. Coursework in data science teaches students how to manage, manipulate, and parse data to extract knowledge and insight.

Through the study of economics, students learn how the design of platforms shapes incentives, drives behavior, and determines social and economic outcomes including equity and efficiency. Students also learn how data may be used for predictive or causal analysis to inform business decisions or public policy.

The program provides excellent training for careers in the digital economy, including areas such as insurance, consulting, finance, retailing, and government. It also provides outstanding preparation for graduate study in business, data science, public health, economics, or other social sciences.

# **Economics and Mathematics**

Major: Economics and Mathematics Degree Awarded: Bachelor of Science (BS) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years); No Co-op (Four years) Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 15-2041; 15-2051; 19-3011

# About the Program

This STEM-designated combined major in Economics and Mathematics is intended for students with a strong intellectual interest in economics, applied mathematics, and econometrics. The major offers excellent career opportunities both in the private sector and in government. The major also provides an excellent preparation for students who are interested in pursuing a graduate degree in economics or related fields.

In comparison to the regular major in Economics, the combined major in Economics and Mathematics emphasizes economics courses with more formal mathematical analysis and contains a higher math course requirement, thereby allowing students to understand and conduct more advanced research in economics and quantitative analysis. At the same time, with one year's worth of free electives, the major offers students plenty of flexibility to take courses outside the combined major, or to transition from the combined major to a double major in economics and mathematics

# **Additional Information**

For more information about the program, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/).

Students not participating in co-op will not take COOP 101; 1 credit of Free electives will be added in place of COOP 101. COOP 101 registration is determined by the co-op cycle assigned and may be scheduled in a different term. Select students may be eligible to take COOP 001 in place of COOP 101.

# Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

# **Economics and Public Health**

Major: Economics and Public Health Degree Awarded: Bachelor of Science (BS) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years) Classification of Instructional Programs (CIP) code: 45.0603 Standard Occupational Classification (SOC) code: 15-2041; 19-4061

# About the Program

Public health is the science of protecting and improving the health and well-being of populations of people. Critical to that well-being are many factors, including a clean environment, public safety, a healthy diet, adequate housing, and access to health care. Economics is the study of how people organize themselves to produce the goods and services they desire, including those necessary for a healthy life. Through the study of both economics and public health, students in this major gain a unique understanding of the factors underlying our health and well-being. The curriculum is interdisciplinary, drawing from the physical sciences, economics, and the four areas of public health: epidemiology, community health and prevention, environmental and occupational health, and health management and policy.

The Economics faculty have created a curriculum that connects economics directly to the needs of society. Their expertise spans a variety of areas, including health economics, non-profits, and the methods of causal analysis that underpin sound public policy. Faculty in the Dornsife School of Public Health have integrated human rights and social justice into the curriculum and are dedicated to community impact through civic engagement. Students in this major thus have access to a broad set of faculty engaged in health and health policy.

Upon completion of this STEM-designated major, students will be prepared to enter the workforce with employers such as health services organizations, health insurers, non-profits, and governments. They will also be well equipped for graduate study in public health, health sciences, public policy, economics, or other social sciences.

### Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

# International Business

Major: International Business Degree Awarded: Bachelor of Science in Business Administration (BSBA) Calendar Type: Quarter Minimum Required Credits: 180.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years); No Co-op (Four years) Classification of Instructional Programs (CIP) code: 52.1101 Standard Occupational Classification (SOC) code: 11-1021; 11-1011; 25-1011

# About the Program

This major explores the international business environment as well as the internal workings of multinational corporations and the impact of international considerations on the various functional areas of business.

This major includes in-depth study of a foreign language, and students choose from a menu of courses to fulfill additional requirements. The curriculum is interdisciplinary with courses drawn from international business, marketing, management, finance, economics, and other areas. Specialized operational courses are offered, along with more general theoretical and comparative ones. Students are encouraged to explore additional opportunities such as international co-ops, study abroad and global classrooms.

### **Additional Information**

For more information about this program, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/).

# **Degree Requirements**

Students completing the major in International Business are required to complete six courses in the same language (a language other than the student's native language) at Drexel University. It is recommended that students also take a 320 or 420 language course, focusing on the language of business or professions. This requires a minimum of 6 language courses (24.0 credits) at the college level or up to level 6 placement, including proficiency in at least one language. Some of these courses may count toward the student's general education electives.

12.0

Students may satisfy the language requirement through foreign language course replacement by studying overseas. All study abroad programs must be approved by the Study Abroad Office (http://www.drexel.edu/studyabroad/).

# **Co-op/Career Opportunities**

International Business graduates are employed in a variety of corporate settings, including the pharmaceutical, banking and telecommunication industries. Some students pursue graduate studies or find employment in multilateral governmental organizations.

The concentration has been designed to provide a competitive advantage for those students interested in international business careers. In addition to business coursework, students also take advantage of Drexel's programs in history-politics, sociology, anthropology, and other areas that focus on international topics.

The University offers minors in French (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/frenchminor/), Italian Studies (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/italianstudies/), Japanese (http://catalog.drexel.edu/undergraduate/ collegeofartsandsciences/japaneseminor/), and Spanish (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/spanishminor/). Each minor can include study of the vocabulary needed for business transactions within the particular language.

Proficiency certificates are also available to students at the intermediate level as proof that students are proficient enough to live abroad and interact with native speakers in their home countries and cultures. Proficiency certificates are available in Arabic (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/intermediatearabicproficiencycertificate/), Chinese (http:// catalog.drexel.edu/undergraduate/collegeofartsandsciences/intermediatechineseproficiencycertificate/), French (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/intermediatechineseproficiencycertificate/), French (http://catalog.drexel.edu/undergraduate/ collegeofartsandsciences/intermediatefrenchproficiencycertificate/), German (http://catalog.drexel.edu/undergraduate/ collegeofartsandsciences/intermediatejapanese, (http://catalog.drexel.edu/undergraduate/ collegeofartsandsciences/intermediatejapaneseproficiencycertificate/) Korean, (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/ intermediatejapaneseproficiencycertificate/) Korean, (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/ intermediatejapaneseproficiencycertificate/) Korean, (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/ intermediatejapaneseproficiencycertificate/) Korean, (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/ intermediatejapaneseproficiencycertificate/) Korean, (http://catalog.drexel.edu/undergraduate/collegeofartsandsciences/ intermediatespanishproficiencycertificate/).

Visit the Drexel Steinbright Career Development Center (http://www.drexel.edu/scdc/) page for more detailed information on co-op and post-graduate opportunities. Also visit the Career Guides (http://drexel.edu/scdc/career-services/counseling/career-guides/) provided by the Steinbright Career Development Center.

# **Facilities**

The 12-story, 177,500-square-foot home for LeBow College of Business is located at the heart of the Drexel University campus, at the intersection of Woodland Walk and Market Street, where it forms a gateway to Drexel and a backdrop to the historic statue of A. J. Drexel (Moses Ezekiel, 1904). The diagonal massing of the lower floors follows Woodland Walk and combines with the new Papadakis Integrated Sciences Building (Diamond & Schmitt, 2011) to energize the University's central quadrangle. The building's tower will mark the LeBow College and Drexel campus from all directions while the open, glassy Market Street façade will showcase the College's student activities to passersby.

The building's organization unites the school's various constituencies around a five-story-high atrium ringed by classrooms, student lounges, events spaces, and offices. The atrium is immediately accessible from main entrances at the three corners of the building. An open stair within the atrium leads to a 300-seat auditorium and 100-seat lecture hall one floor below and to a divisible multipurpose room and additional classrooms above. The building's upper floors contain faculty offices interspersed with seminar rooms and group study rooms. The top floor houses the Dean's suite and a boardroom and conference suite that opens to east- and west-facing terraces.

The building's warm masonry and glass exterior reflects the emerging vocabulary of the next generation of Drexel buildings. Sophisticated solar shading devices allow maximum transparency between the inside and outside while supporting the building's high environmental aspirations.

### **Key Building Features**

- · Five-story atrium
- · Finance trading lab with Bloomberg Terminal Room
- 300-seat auditorium
- 160-seat event space
- 100-seat lecture hall
- · 45-seat seminar rooms
- 44-seat computer classrooms
- 60-seat classrooms
- Executive MBA (https://www.lebow.drexel.edu/academics/programs/mba/executive-mba/) classroom
- 24-seat classrooms
- · Special areas for experiential learning simulations and business consulting
- · Videoconferencing capabilities
- · Integrated teaching technology in all classrooms
- · Recording studio to support LeBow College's online programs
- Extensive areas for students to gather socially and for collaborative study, including student collaboration rooms (https://www.lebow.drexel.edu/ about/campuses/philadelphia/gerri-c-lebow-hall/collaboration-rooms/), two quiet study areas, and 3,500 square feet of student social space
- · EMBA Alumni Lounge for the exclusive use of EMBA alumni
- · Behavioral Studies Lab

- Starbucks
- · Green Globe certifiable, meeting worldwide sustainability standards

Gerri C. LeBow Hall brings together faculty, students, and staff in a state-of-the-art building on the University City campus. LeBow Hall.

#### International Business Faculty

Murugan Anandarajan, PhD (*Drexel University*) Senior Associate Dean for Academic Affairs. Professor. Cyber crime, strategic management of information technology, unstructured data mining, individual internet usage behavior (specifically abuse and addiction), application of artificial intelligence techniques in forensic accounting and ophthalmology.

Orakwue B. Arinze, PhD (London School of Economics). Professor. Client/Server computing; Enterprise Application Software (EAS)/Enterprise Resource Planning Software (ERP); knowledge-based and decision support applications in operations management.

Jodi Cataline, MBA (University of Delaware). Associate Clinical Professor. Global classrooms, Financial literacy

Dana D'Angelo, CPA (Drexel University). Clinical Professor. Global classrooms and use of backchannel research

Qizhi Dai, PhD (University of Minnesota). Associate Professor. Business Value of Information Technology, eCommerce, Economics of Information Technology, Information System Management.

Lawrence Duke, MBA (*Harvard Business School*). Associate Clinical Professor. International marketing and strategy, new product development, business-to-business marketing, marketing of financial services.

David Gefen, PhD (*Georgia State University*) Provost Distinguished Research Professor. Professor. Strategic IT management; IT development and implementation management; research methodology; managing the adoption of large IT systems, such as MRP II, ERP, and expert systems; research methodology, eCommerce; Online Auctions; Outsourcing; SAS; Technology Adoption.

Shawkat M. Hammoudeh, PhD (University of Kansas). Professor. Applied econometrics, financial economics, international economics, and natural resource economics.

Yanliu Huang, PhD (The Wharton School, University of Pennsylvania). Associate Professor. Consumer n-store decision making, consumer planning, health marketing, memory and learning.

Ohyun Kwon, PhD (University of Wisconsin, Madison). Assistant Professor. International Trade and Trade Agreements

Dali Ma, PhD (University of Chicago). Associate Professor. Social hierarchy; Social networks; Sociology of entrepreneurship; Sociology of transitional China

Vibhas Madan, PhD (Michigan State University) R John Chapel Jr. Dean. Professor. International trade theory, applied microeconomics.

Eydis Olsen, MA (American University). Associate Clinical Professor. International business, banking.

Stanley Ridgley, PhD (*Duke University*). Associate Clinical Professor. Business communication; Cognition and strategy; Competitive intelligence; Determinants of Firm Performance; Global Management; New Markets in Emerging Countries; Russian Business Culture.

Samir Shah, DPS (Pace University). Clinical Professor. Drexel University's Provost Fellow India Partnerships

Srinivasan Swaminathan, PhD (University of Texas-Austin). Professor. Marketing research and strategy, pricing and promotions, loyalty and satisfaction.

Constantinos Syropoulos, PhD (Yale University) Trustee Professor of International Economics. Professor. International trade, political economy, applied microeconomics.

Yoto Yotov, PhD (Boston College). Professor. International trade, applied microeconomics, political economy.

# **International Business Co-Major**

Major: International Business Degree Awarded: Bachelor of Science in Business Administration (BSBA) Calendar Type: Quarter Minimum Required Credits: 186.0 Co-op Options: Three Co-op (Five years); One Co-op (Four years); No Co-op (Four years) Classification of Instructional Programs (CIP) code: 52.1101 Standard Occupational Classification (SOC) code: 11-1021; 11-1011; 25-1011

### About the Program

This major explores the international business environment as well as the internal workings of multinational corporations and the impact of international considerations on the various functional areas of business.

The International Business co-major allows students to choose from a menu of courses. The curriculum is interdisciplinary, with courses drawn from international business, marketing, management, finance, economics, and other areas. Specialized operational courses are offered, along with more general theoretical and comparative ones. The co-major substitutes further training in the form of a Primary Business major for the language courses that are required under the International Business major. Students are encouraged to explore additional opportunities such as international co-ops, study abroad and global classrooms.

#### **Additional Information**

For more information about this program, contact the School of Economics (https://www.lebow.drexel.edu/faculty-and-research/disciplines/economics/).

## **Degree Requirements**

General Education Requirements		
CIVC 101	Introduction to Civic Engagement	1.0
COM 270 [WI]	Business Communication (WI)	3.0
COOP 101	Career Management and Professional Development $^{*}$	1.0
ENGL 101	Composition and Rhetoric I: Inquiry and Exploratory Research	3.0
or ENGL 111	English Composition I	
ENGL 102	Composition and Rhetoric II: Advanced Research and Evidence-Based Writing	3.0
or ENGL 112	English Composition II	
ENGL 103	Composition and Rhetoric III: Themes and Genres	3.0
or ENGL 113	English Composition III	
MATH 101	Introduction to Analysis I	4.0
MATH 102	Introduction to Analysis II	4.0
PHIL 105	Critical Reasoning	3.0
PSY 101	General Psychology I	3.0
UNIV B101	The Drexel Experience	1.0
UNIV B201 [WI]	Career Management	1.0
English literature elective: (ENGL 200	- ENGL 399)	3.0
Fine arts elective		3.0
• •	is and course range from 100-499. Architecture (ARCH), Art History (ARTH), Dance (DANC), Film Studies (FMST), Interior Design ohy (PHTO), Visual Studies (VSST), Screenwriting & Playwriting (SCRP),Theatre (THTR)	
History (HIST) elective		4.0
Select two of the following:		6.0
BIO 100	Applied Cells, Genetics & Physiology	
or BIO 101	Applied Biological Diversity, Ecology & Evolution	
CHEM 151	Applied Chemistry	
PHYS 151	Applied Physics	
General Education Electives		12.0
Students select (12.0) credits of gener	ral education electives, with a minimum of one course in each of the following four categories.	
Diversity & Multicultural		
Society & Culture		
• •	is and course range from 100-499. Communications (COM), English (ENGL), Fine Arts (ARCH, ARTH, DANC, DIGM, FMVD, SCRP, R, WBDV, VSST), Global Studies (GST), Language (LANG) or Philosophy (PHIL)	
Social Science		
Courses with the following subject Political Science (PSCI), Psycholo	ts and course range from 100-499. Anthropology (ANTH), Criminology and Justice Studies (CJS), History (HIST), Sociology (SOC), bgy (PSY)	
Science		
Courses with the following subject	ts and course range from 100-499. Computer Science (CS), Information Systems (INFO), Science, Technology and Society (SCTS)	
Business Requirements		
ACCT 115	Financial Accounting Foundations	4.0
ACCT 116	Managerial Accounting Foundations	4.0
BLAW 201	Business Law I	4.0
BSAN 160	Business Analytics and Data Visualization	4.0
BUSN 101	Foundations of Business I	4.0
BUSN 102	Foundations of Business II	4.0
ECON 201	Principles of Microeconomics	4.0

24.0

ECON 202	Principles of Macroeconomics	4.0
FIN 301	Introduction to Finance	4.0
INTB 200	International Business	4.0
MGMT 450	Strategy and Competitive Advantage	4.0
MIS 200	Management Information Systems	4.0
MKTG 201	Introduction to Marketing Management	4.0
OPM 200	Operations Management	4.0
ORGB 300 [WI]	Organizational Behavior	4.0
STAT 201	Introduction to Business Statistics	4.0
Select one of the following:		4.0
MGMT 260	Introduction to Entrepreneurship	
MGMT 370	For-Profit Business Consulting	
MGMT 371	Nonprofit Business Consulting	
MGMT 372	Startup Business Consulting	
MGMT 451	Management Simulation	
ORGB 420	Negotiations and Conflict Resolution	
SMT 372	Sport Business Consulting	
STAT 202	Business Statistics II	
Primary Major Courses		36.0

#### **Primary Major Courses**

Students completing the International Business co-major (requirements listed below) must do so in conjunction with a primary business major. Students must select a primary major from the following list (Accounting, Entrepreneurship, Finance, Legal Studies, Management Information Systems, Marketing, or Operations & Supply Chain Management.)

#### International Business Co-Major Requirements

The International Business Major offers two options: Option (A), which includes study for competency in a language other than English (and other than the student's native language). For more information, please see the International Business (Stand-Alone Option) listed under Majors. Option (B) is the Co-Major option highlighted below. The co-major option substitutes further training in a relevant business discipline or functional field in the form of a Primary Major instead of the language courses.

Select at least six of the following:

Total Credits		186.0
OPM 324	Operations Planning	
MKTG 357	Global Marketing	
MIS 347	Domestic and Global Outsourcing Management	
MGMT 380	International Business Consulting	
INTB 440	Seminar in International Business	
INTB 338	Regional Studies in Economic Policies and International Business	
INTB 336	International Money and Finance	
INTB 334	International Trade	
INTB 332	Multinational Corporations	
FIN 346	Global Financial Management	
ECON 342	Economic Development	
ECON 331	International Macroeconomics	
COM 360	Strategic International Communication	
COM 345	Intercultural Communication	
BLAW 340	International Business Law	
Coloci at loade bix of the folk		E-1.0

COOP 101 registration is determined by the co-op cycle assigned and may be scheduled in a different term. Select students may be eligible to take COOP 001 in place of COOP 101.

Co-op cycles may vary. Students are assigned a co-op cycle (fall/winter, spring/summer, summer-only) based on their co-op program (4-year, 5year) and major.

Students not participating in co-op will not take COOP 101; 1 credit of Free Elective will be added in place of COOP 101.

- \*\* Students completing the International Business co-major must do so in conjunction with a primary business major. Students must select a primary major from the following list:
  - · Accounting
  - Finance
  - · Legal Studies
  - Management Information Systems
  - Marketing
  - Operations & Supply Chain Management

### Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

- 44-seat computer classrooms
- 60-seat classrooms
- · Executive MBA (https://www.lebow.drexel.edu/academics/programs/mba/executive-mba/) classroom
- · 24-seat classrooms
- · Special areas for experiential learning simulations and business consulting
- · Videoconferencing capabilities
- · Integrated teaching technology in all classrooms
- · Recording studio to support LeBow College's online programs
- Extensive areas for students to gather socially and for collaborative study, including student collaboration rooms (https://www.lebow.drexel.edu/ about/campuses/philadelphia/gerri-c-lebow-hall/collaboration-rooms/), two quiet study areas, and 3,500 square feet of student social space
- · EMBA Alumni Lounge for the exclusive use of EMBA alumni
- · Behavioral Studies Lab
- Starbucks
- · Green Globe certifiable, meeting worldwide sustainability standards

Gerri C. LeBow Hall brings together faculty, students, and staff in a state-of-the-art building on the University City campus. Please visit the LeBow College of Business webpage (http://www.lebow.drexel.edu/about/campuses/philadelphia/location/gerri-c-lebow-hall/), the Behavioral Lab webpage (https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), and the Finance Trading Lab webpage (https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), the Behavioral Lab webpage (https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), and the Finance Trading Lab webpage (https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), the Behavioral Lab webpage (https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), and the Finance Trading Lab webpage (https://www.lebow.drexel.edu/about/campuses/location/behavioral-lab/), to learn more about Gerri C. LeBow Hall.

## **International Business Faculty**

Murugan Anandarajan, PhD (*Drexel University*) Senior Associate Dean for Academic Affairs. Professor. Cyber crime, strategic management of information technology, unstructured data mining, individual internet usage behavior (specifically abuse and addiction), application of artificial intelligence techniques in forensic accounting and ophthalmology.

Orakwue B. Arinze, PhD (London School of Economics). Professor. Client/Server computing; Enterprise Application Software (EAS)/Enterprise Resource Planning Software (ERP); knowledge-based and decision support applications in operations management.

Jodi Cataline, MBA (University of Delaware). Associate Clinical Professor. Global classrooms, Financial literacy

Dana D'Angelo, CPA (Drexel University). Clinical Professor. Global classrooms and use of backchannel research

Qizhi Dai, PhD (University of Minnesota). Associate Professor. Business Value of Information Technology, eCommerce, Economics of Information Technology, Information System Management.

Lawrence Duke, MBA (*Harvard Business School*). Associate Clinical Professor. International marketing and strategy, new product development, business-to-business marketing, marketing of financial services.

David Gefen, PhD (*Georgia State University*) Provost Distinguished Research Professor. Professor. Strategic IT management; IT development and implementation management; research methodology; managing the adoption of large IT systems, such as MRP II, ERP, and expert systems; research methodology, eCommerce; Online Auctions; Outsourcing; SAS; Technology Adoption.

Shawkat M. Hammoudeh, PhD (University of Kansas). Professor. Applied econometrics, financial economics, international economics, and natural resource economics.

Yanliu Huang, PhD (The Wharton School, University of Pennsylvania). Associate Professor. Consumer n-store decision making, consumer planning, health marketing, memory and learning.

Ohyun Kwon, PhD (University of Wisconsin, Madison). Assistant Professor. International Trade and Trade Agreements

Dali Ma, PhD (University of Chicago). Associate Professor. Social hierarchy; Social networks; Sociology of entrepreneurship; Sociology of transitional China

Vibhas Madan, PhD (Michigan State University) R John Chapel Jr. Dean. Professor. International trade theory, applied microeconomics.

Eydis Olsen, MA (American University). Associate Clinical Professor. International business, banking.

Stanley Ridgley, PhD (*Duke University*). Associate Clinical Professor. Business communication; Cognition and strategy; Competitive intelligence; Determinants of Firm Performance; Global Management; New Markets in Emerging Countries; Russian Business Culture.

Samir Shah, DPS (Pace University). Clinical Professor. Drexel University's Provost Fellow India Partnerships

Srinivasan Swaminathan, PhD (University of Texas-Austin). Professor. Marketing research and strategy, pricing and promotions, loyalty and satisfaction.

Constantinos Syropoulos, PhD (Yale University) Trustee Professor of International Economics. Professor. International trade, political economy, applied microeconomics.

Yoto Yotov, PhD (Boston College). Professor. International trade, applied microeconomics, political economy.

# **Economic Analysis BAECON / Business Administration MBA**

Major: Economics and Business Administration Degree Awarded: Bachelor of Arts in Economics (BAECON) and Master of Business Administration (MBA) Calendar Type: Quarter Minimum Required Credits: 229.0 Co-op Options: One Co-op (Five years) BS Classification of Instructional Programs (CIP) code: 45.0601 BS Standard Occupational Classification (SOC) code: 19-3011 MBA Classification of Instructional Programs (CIP) code: 52.0201 MBA Standard Occupational Classification (SOC) code: 11-1021

# About the Program

Drexel LeBow's BA/MBA program provides academically qualified undergraduate students with the opportunity to earn both a bachelor's degree and an MBA within five years of study. Graduating with an MBA and an undergraduate degree provides students with a competitive edge when entering the job market without having the time constraints of typical degree pursuits. This program is offered to all students pursuing a Bachelor of Arts in Economics as well as students from select undergraduate programs across the university.

# **Admission Requirements**

The BA/MBA program requires a two-tiered application process, which includes both undergraduate and graduate requirements. All applicants are required to complete a BA/MBA Accelerated Degree Application available through the undergraduate BA/MBA advisor for each college.

A plan of study/sequence sheet must be completed for each applicant with the assistance of their undergraduate BA/MBA advisor to ensure that all undergraduate degree requirements are met within the required four years. Both documents must be submitted together for approval and processing.

For additional information please visit the BA/MBA website (https://www.lebow.drexel.edu/academics/undergraduate/accelerated-dual-degrees/bsmbadual-degree-program/).

### **Undergraduate Application Requirements**

At the undergraduate level, a provisional BA/MBA attribute code will be placed on the student record at the time of admission. Once the student has accumulated 90.0 credits, an Accelerated Degree Application must be completed before reaching 120.0 credits, at which time a BA/MBA code will be placed on the application.

Customized Concentration	

Students can self customize a concentration with coordination between their program manager and with faculty guidance. Please see your Program Manager/Academic Advisor for further information

MBA Graduate Credits include courses in Accounting (ACCT), Statistics (STAT), Economics (ECON), Finance (FIN), General Business (BUSN), Interdisciplinary Business (INDS), International Business (INTB), Legal Studies (BLAW), Management (MGMT), Management Information Systems (MIS), Marketing (MKTG), Operations Research (OPR), Organizational Behavior (ORGB), Production Operations Management (POM), Sport Management (SMT) or Taxation (TAX), with a course

number range between 500-799 or other approved course at the graduate level.

#### **Total Credits**

229.0

Co-op cycles may vary. Students are assigned a co-op cycle (fall/winter, spring/summer, summer-only) based on their co-op program (4-year, 5-year) and major.

COOP 101 registration is determined by the co-op cycle assigned and may be scheduled in a different term. Select students may be eligible to take COOP 001 in place of COOP 101.

- \*\* Science courses are selected from Biology (BIO), Chemistry (CHEM), Environmental Science (ENVS), Physics (PHYS), or Physics-Environmental Science (PHEV)
- \*\*\* Students should contact the School of Economics for a list of courses that fulfill this requirement.
- † GST 101, GST 102, COM 345, COM 362; SOC 330, SOC 340; PSCI 140, PSCI 150 PSCI 240, PSCI 252, PSCI 255; INTB 200, INTB 332, INTB 334, IN

#### Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

# Sample Plan of Study

### 4+1, 1 co-op (Accelerated program completed in 5 years)

Students complete undergraduate requirements in four years, then convert to graduate status in the fifth and final year.

229.0

\* Co-op cycles may vary. Students are assigned a co-op cycle (fall/winter, spring/summer, summer-only) based on their co-op program (4-year, 5year) and major.

COOP 101 registration is determined by the co-op cycle assigned and may be schedule in a different term. Select students may be eligible to take COOP 001 in place of COOP 101.

\*\* Students are encouraged to take the MATH 121, MATH 122 sequence

### Writing-Intensive Course Requirements

In order to graduate, all students must pass three writing-intensive courses after their freshman year. Two writing-intensive courses must be in a student's major. The third can be in any discipline. Students are advised to take one writing-intensive class each year, beginning with the sophomore year, and to avoid "clustering" these courses near the end of their matriculation. Transfer students need to meet with an academic advisor to review the number of writing-intensive courses required to graduate.

A "WI" next to a course in this catalog may indicate that this course can fulfill a writing-intensive requirement. For the most up-to-date list of writingintensive courses being offered, students should check the Writing Intensive Course List (http://drexel.edu/coas/academics/departments-centers/englishphilosophy/university-writing-program/writing-intensive-courses/) at the University Writing Program (http://drexel.edu/coas/academics/departmentscenters/english-philosophy/university-writing-program/). (http://drexel.edu/coas/academics/departments-centers/english-philosophy/university-writingprogram/drexel-writing-center/) Students scheduling their courses can also conduct a search for courses with the attribute "WI" to bring up a list of all writing-intensive courses available that term.

# **Minor in Economics**

# About the Minor

The minor in Economics provides a solid background in the application of economic theory to markets. Students complete standard courses in microand macroeconomics that emphasize core training in economic decision-making. Students also choose a course that applies this training to areas such as international economics, firm and industry behavior, quantitative economic analysis, and public policy. This type of analytical training provides a strong complement to many majors, including business fields, and would be especially useful for students interested in careers in public policy or law.

#### Requirements

- No more than 2 courses or 8.0 credits required by a student's major may be counted towards this minor.
- A grade of "C" (2.0) or better must be earned for each course in this minor for it to be counted.
- No more than two transfer courses may be used to complete this minor. Transfer credits must be taken before matriculated at Drexel.
- Students should check the pre-requisites of all classes when selecting electives. It is the responsibility of the student to know pre-requisites.
- · Cannot do a major and a minor in the same field of study

All prospective students should meet with an advisor from the College as soon as possible. Call 215.895.2110 to set up an appointment.

# **Minor in International Economics**

# About the Minor

This minor is designed for students with varied backgrounds who have a particular interest in learning more about the international economic environment. The curriculum provides the students a basic understanding of economics and exposes them to advanced topics dealing with international trade, multinational corporations, and other aspects of international economics. The minor complements a variety of degrees, particularly for students interested in applying their major discipline within an international context or within a multinational corporation.

#### Requirements

- No more than 2 courses or 8.0 credits required by a student's major may be counted towards this minor.
- A grade of "C" (2.0) or better must be earned for each course in this minor for it to be counted.
- No more than two transfer courses may be used to complete this minor. Transfer credits must be taken before matriculated at Drexel.
- · Students should check the pre-requisites of all classes when selecting electives. It is the responsibility of the student to know pre-requisites.
- · Cannot do a major and a minor in the same field of study
